

# PREPARE FOR TAKE OFF!

Here are some key changes to expect the next time you travel from GSP!

## FACE MASKS

Everyone is encouraged to wear face coverings in public areas.

## SECURITY

Increased queue line spacing is encouraged to improve social distancing.

## GATE AREAS

Passengers are encouraged to space themselves out in gate seating areas to minimize congestion.

## TOUCH POINTS

You can reduce touch points by utilizing mobile boarding passes and carry on luggage.

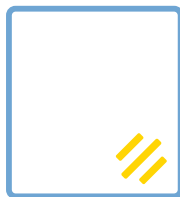

## HAND SANITIZERS

Additional hand sanitizing stations have been placed around the airport for use.

## CLEANING

We are cleaning more frequently in all areas with medical grade products to ensure public safety.

## PLASTIC SHIELDS

Plastic shields have been installed in high-traffic areas, such as ticketing counters, gates, security checkpoints and stores.

## GROUND MARKINGS

Stickers have been placed around airport public areas to encourage all passengers to practice social distancing and keep a six foot radius around themselves.

## GIVE YOURSELF TIME

All passengers are encouraged to arrive early for their flight to reduce congestion in pre-flight public areas (check-in, security, shopping, etc).
