

Commendation Procedures

If you would like to recognize an officer who has performed his/her duties in a manner that you think is exceptional and reflects favorably upon the officer and the Department, then we encourage you to take a moment and tell us about it. Such a positive and appreciative atmosphere improves officer morale and helps all members of the Department work harder to improve their individual performance and the quality of the services they provide to the public.

Commendation Forms may be dropped off at the GSP Airport District Office or mailed to the following address:
